July 15, 2020

Dear Parents or Guardians,

We want to make you aware that a student at Southwest Legacy HS who participated in our summer strength and conditioning camp at Southwest Legacy High School has tested positive for COVID-19. District officials were notified of the positive test Wednesday, July 15, 2020 at 6:00 PM. This student was last present at camp on Tuesday, July 15, 2020 and has not returned to campus, the student is currently under self-isolation.

Southwest ISD is working with local Health Authorities to ensure that all necessary steps are being taken to address the situation.

All students who were grouped together during the sport specific one-on-one drills will be notified and will be required to stay home from camp and to self-isolate and monitor for symptoms of COVID-19.

As a reminder, here are the most common symptoms of COVID-19:

- Cough
- Muscle pain
- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Feeling feverish or having a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Know close contact with a person who is lab-confirmed to have COVID-19 if exposure to the active confirmed case occurred within the last 14 days.

If you or someone in your family has any of these symptoms, you are urged to contact your health care provider.

Peter Wagner
Athletic Director
Southwest ISD
